

# JESSE

If riding your bike, being adventurous in the woods, or relaxing and playing video games sounds like fun, then Jesse will make the perfect addition to your family. Jesse is a really fun 12 year old with a sensitive heart and lot of love to give. Jesse enjoys fishing, getting creative with science experiments, and building with Legos. Jesse responds well to gentle and consistent encouragement. He will flourish in a nurturing home with a strong and supportive maternal figure. Jesse has a biological sibling that has been placed separately, it will be important to maintain contact with Jesse's sibling.
